VI. Instructions to Applicants

- A. Before completing the application form, you must consult the OMG website

<http://www.omgprogram.org/> → Universities

in order to ensure that you are making an informed choice of universities and that you meet specific universities' admission requirements. **Important Note: Applications that do not include a choice of three universities will not normally be considered. If you have particularly strong academic reasons for wanting to attend a specific university, please make them clear in your attached statement of study.**

- B. You will need to submit **one original set and two sets of photocopies** of the completed application form and all supporting documents as stated below. *Please do not submit any documents in separate envelopes. Submit each complete application set stapled together.* Please submit the complete package to the professor in charge of the OMG Exchange Program at your university.

The supporting documents (in English) are:

1. Statement of proposed study or research. This should include a) your reasons for choosing the three institutions you have indicated and b) as detailed a proposed program of study as you can write, incorporating, as far as it is possible at this stage, an indication of the specific courses you would most likely wish to take at your chosen universities.
2. *Curriculum vitae*. Please attach a **one-page curriculum vitae** (resumé) to this application. Include relevant information on where you have lived, your education, employment, volunteer work, hobbies and interests, relevant skills and qualifications, as well as prizes, scholarships and awards.
3. Assessment of English-language competence is not required for OMG students, as English is the medium of instruction at your home institution. If English has not been the medium of instruction for you at the college level, then an acceptable score in an English proficiency test such as TOEFL will be a requirement.
4. If you are applying to an Ontario university which is bilingual (English and French), please attach an assessment of your French language competence as well.
5. Complete list of courses taken (with grades) at all post-secondary institutions you have attended. If grades are not on a 0-100% scale, please provide conversion.
